

January 2019

BRI FC is pleased to announce that this year we have made changes to our Program to make the game more fun than ever for players at a recreational level and to provide better development opportunities for those players with aspirations for a future in soccer.

Our Coaching Program is in line with the Ontario Soccer Association's Long Term Player Development (LTPD) Matrix. We are committed to creating a soccer family where everyone can grow at their own pace, we are committed to all the players whether they want to play for fun and exercise or whether they dream to become a soccer star. Our focus has always been to help the players reach their full potential and grow at their own pace, but we are adding more opportunities for a fun way to learn and grow and to love soccer.

By following the LTPD Matrix and Policies our commitment is to make the game more fun than ever for players at a recreational level and to provide better development opportunities for those players with aspirations for a future in soccer.

Yours truly,

Coach DJ
